Emoji Usage

There are 70 emojis you may use in total. I have added both the full sprite sheet, as well as the individual png images for each emoji. Currently, I have left the emojis unnamed to give you creative control to name the emojis however you like! I am also open to expanding these emojis in the future (or doing a second pack as well if there's enough demand for additional emojis), so please let me know if you feel this pack is missing anything crucial! I have tried my best to recreate all of the popular emojis people use, but I'm sure I've missed something!
